

# RANVIJAY SINGH

Web Development

## ABOUT ME

I am an enthusiastic BTech student currently in the 6th semester, with a strong foundation in computer science and a passion for technology. Proficient in Java, C, and the MERN stack, I have applied my skills to develop an e-commerce website as part of my project, showcasing my ability to translate theoretical knowledge into practical solutions. Additionally, my dedication to problem-solving is evidenced by my successful completion of 100 LeetCode questions, honing my algorithmic and coding skills. Eager to apply my expertise in a professional setting, I am seeking an internship opportunity where I can contribute effectively, learn, and grow as a developer.

## CONTACTS

**Phone Number:**

9905281952

**Email:**

ranvijaysingh.117105@marwadiuniversity.ac.in

**Address:**

AraBihar , 802163

## SKILLS

JavaScript (Programming Language)

React.js

Node.js

Express.js

MongoDB

Algorithms

Git

Computer Science

Java,c

Sql
